58th ANNUAL DEVICE RESEARCH CONFERENCE
June 19-21, 2000 · Denver, Colorado

DATZ The 58th Annual Device Research Conference will be held June 19-21, 2000, at the University of Denver, Denver, Colorado.

The DRC brings together scientists, engineers, and students to discuss new and exciting breakthroughs and advances in the field of device research. The DRC is sponsored by the IEEE Electron Devices Society. The conference will be held at University of Denver, Denver, Colorado from Monday, June 19 through Wednesday, June 21. The DRC and the Electronic Materials Conference (EMC) of the TMS will again coordinate activities. The EMC will be held at the same location on June 21-23, 2000. Device-oriented papers should be submitted to the DRC and materials-oriented papers to the EMC.

Registration forms and information on accommodations can be obtained from the Local Arrangement Chair or at the DRC web site. Early registration is encouraged with a reduced registration fee offered as an incentive. Students also will receive a reduced registration fee. Limited travel funds are available to students presenting papers. Further information on student assistance may be obtained by writing to Mark Rodder (m-rodder@ti.com).

REGISTRATION INFORMATION

The on-line secure registration form is available for electronic submission, or the form may be downloaded in a portable document format and viewed using *Adobe Acrobat*. Registration information includes a description of registration policies and options. General information includes other policies and answers to common questions.

CALENDAR OF EVENTS

The preliminary calendar of events includes a general listing of dates and times for this four day event.

TECHNICAL PROGRAM

- The preliminary technical program (~54 kb) is available in portable document format (and can be viewed using *Adobe Acrobat*). It includes a complete listing of all planned symposia.
- Technical Sessions

SPECIAL EVENTS

- Social Functions

TRAVEL INFORMATION
